Chris,

Please repeal 560.9810 instead of moving to WHEDA - page 351, lines 6-8 in compiled draft. I think this is only other edit I have for the draft.

OK. FYI, repealing this section will require fixing 8 statutory units in the bill that cross-reference 234.5610 (renumbered 560.9810). Have you checked to see if the resulting changes in those 8 units are what you want?
